November 2, 2021

Dear Partners and Alumni:

The Texas A&M School of Public Health Office of Public Health Practice cordially invites your organization to participate in the **2022 Spring Practicum Fair Friday, February 11, 2022 from 10:00 AM to 2:00 PM at the AgriLife Center** on the Texas A&M Campus in College Station, Texas ([http://agrilife.org/agrilifecenter/](http://agrilife.org/agrilifecenter/)). We are excited to host our Practicum Fair in this venue which will allow all organizations to be housed in a single area. Boxed lunch will be provided for employer/preceptor attendees.

The Practicum Fair provides the opportunity to visit with current graduate students seeking a practicum/internship experience as part of their curriculum requirements. A planned, supervised, and evaluated field experience is a very important element of our graduate curriculum. It provides students with an opportunity to apply the concepts, strategies and tools acquired throughout their classroom studies in a mentored and supported environment with public health professionals. Additional information for graduate practicum experience requirements, practicum experience sample descriptions and templates may be found at: [https://public-health.tamu.edu/practice/practicum.html#tab-panel-2](https://public-health.tamu.edu/practice/practicum.html#tab-panel-2)

We recognize time constraints and travel budgets may prevent organizations from attending in person. If you are unable to attend in person, we are pleased to offer two options to share information about practicum/internship opportunities with your organization: (1) A limited number of **virtual sessions** will allow sites to connect remotely via Zoom to the Practicum Fair at specified times to meet with interested students; and (2) we are happy to **display and distribute written information** about practicum experiences with your organizations during the Practicum Fair in your absence.

If your organization would like to participate in the 2022 Practicum Fair please complete the registration application at the link provided below by **January 21, 2022**.
